

# You're Doing It Right

Music and lyrics Morten Lunn

I wish I could go back to  
The tender age of twelve  
Don't start worrying, boy  
I'd tell myself  
You're gonna be allright  
Just wait and see  
You'll turn out pretty fine  
Just look at me

Don't you worry  
Boy, you will get laid  
And she'll be nice  
Just you wait  
***You're doing it right***  
***You're doing it right***

I wish I could go back  
Oh so many years  
Save a lot of time  
And quite a few tears  
I'll tell him about evil  
Tell him about good  
I'll tell that boy what he shouldn't do  
And what he should

Got a call back  
Saying who are you  
To tell me what I should  
And what I shouldn't do  
I'll go my own ways  
And some shiny day  
I'll end up like you  
Any old way

I'm gonna make my choices  
Find my way  
And end up being you  
Some shiny day  
***You're doing it right***  
***You're doing it right***

I'm calling you  
I'm calling from afar  
I can't tell you which way to go  
Or who you are  
Yes, what you fear might happen  
But you can't know how  
I'm gonna worry 'bout it later  
So don't worry about it now

Make your choices  
Do it your way  
End up being you  
Some shiny day  
***You're doing it right...***
